

Fund a Seat at the Teachers Institute!

One enthusiastic, knowledgeable teacher can have a significant impact on dozens of students during a school year.

Funding a seat for one teacher to participate in the Teachers Institute (TI) can be a rewarding fundraising project for your club, or a way for you as an individual to make a difference.

With your help, ARRL can continue this important work of training teachers and inspiring young people with Amateur Radio in their classrooms. Direct costs to provide for travel, accommodations and instruction and resources for one teacher are \$2000-\$2500.

The Teachers Institute is supported by donations to the Education & Technology Fund.

Donations from the ham radio community have helped the ARRL Education & Technology Program provide teacher training to more than 650 teachers since the program's inception in 2004.

You can keep a good thing going, one teacher at a time!

ARRL President Kay Craigie, N3KN, herself a major donor to the Education & Technology Program, explains her passion for this program in a letter to ARRL members at www.arrl.org/education-and-technology-fund, where you'll also find a link to send your donation.
